Transparency of Lobbying, Non Party Campaigning and Trade Union Administration Act 2014

Dods Monitoring Part 2 of the Transparency of Lobbying, Non Party Campaigning and Trade Union Administration Act 2014 and the impact on charity campaigning

Following the passing of the Transparency of Lobbying, Non Party Campaigning and Trade Union Administration Act 2014, known as the Lobbying Act, earlier this year there has been confusion about the implications of the Act, especially on charities and third sector organisations and their funding, joint campaigning and registration with the Electoral Commission.

On the first day back after the summer recess Dods Monitoring has produced a briefing outlining the main financial and legal obligations facing charities that wish to campaign during the months leading up to the May election.

Sign up below for a trial to receive your **complimentary copy** of the briefing and learn more about how Dods Monitoring can **support you in all your political information and research needs**.
