The Dods Guide to COP21

The United Nations climate change conference kicks off in Paris on Monday and is expected to produce an agreement on how to cut greenhouse gas emissions until 2030, and thus limit the global temperature rise to 2 degrees above pre-industrial levels.

Complete the form to receive your **complimentary guide** COP21 and learn more about how Dods Monitoring can **support you in all your political information and research needs**. You can also sign up for our daily coverage.
